REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Eastside High School was named a top school in the nation by Newsweek magazine in 2008. Never resting on our laurels, however, we continue to improve student academic performance by emphasizing our three priority areas.

Our teachers aim to diversify teaching strategies; our school encourages a climate of inclusiveness; and we try hard to increase the achievement of all students. In striving to diversify teaching methods, we employ staff development, centered on an inquiry-based instructional approach. Our elected leadership team and teacher-led action teams work to improve school climate and also examine school data in a continuous effort to improve academics.

Students were involved in numerous endeavors this year and many received awards. Our 2008 graduates earned over \$7 million in scholarships for higher education. The class of 2008 included 68 Life Scholarship recipients and 20 Palmetto Fellows. Also, our Academic team was second in state, and our wrestling team was state champion.

Our students raised over \$107,000 during Spirit Week for the Cystinosis Research Network. Every dollar raised went directly to the charity. All funds were raised through student-led activities in one week.

Eastside teachers work with Texas Instruments and the Carnegie Foundation to enhance productive teaching in Mathematics. Spanish instruction includes a cooperative effort between teachers and the Rosetta Stone Language Learning software to advance the development of second language acquisition. Social Studies teachers use Jackdaw primary source documents to make History relevant for each student. Science teachers utilize our state-of-the-art lab facilities to provide students with hands-on learning, and our English department's inclusion of non-fiction reading offers students a new lens to view the world.

The 2008-2009 school year promises new and exciting progress. With the aid of Promethean boards, additional computer labs, and a strong cadre of teachers, Eastside High sits well-positioned to gain further accolades for high student achievement and success.
